 **BASF**
We create chemistry

Group 1 & 2 - Lubrizol Advanced Materials *Lubrizol*

Company size:

Multinational

Website: <https://www.lubrizol.com>

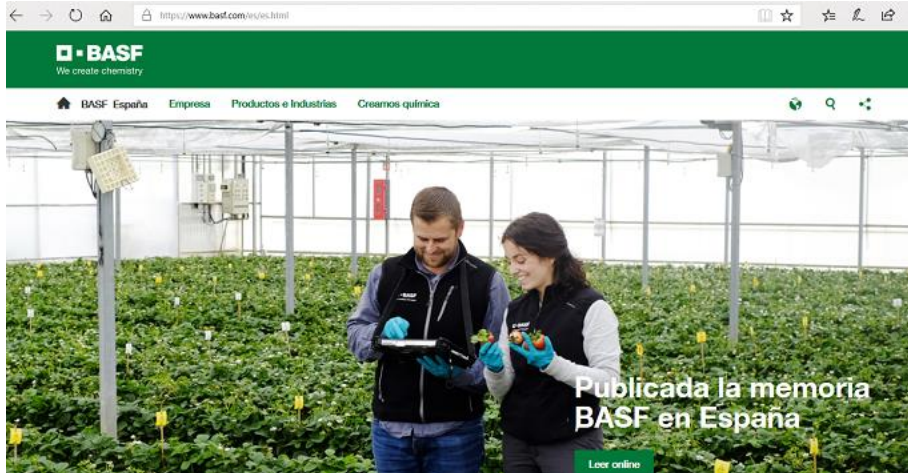

Company Activity:

Lubrizol, with headquarters in US, manufactures specialty chemical solutions for customers in the global transportation, industrial and consumer markets.

Group 3 & 4 - BASF

Company size:

Multinational

Website: <https://www.basf.com>

BASF
We create chemistry

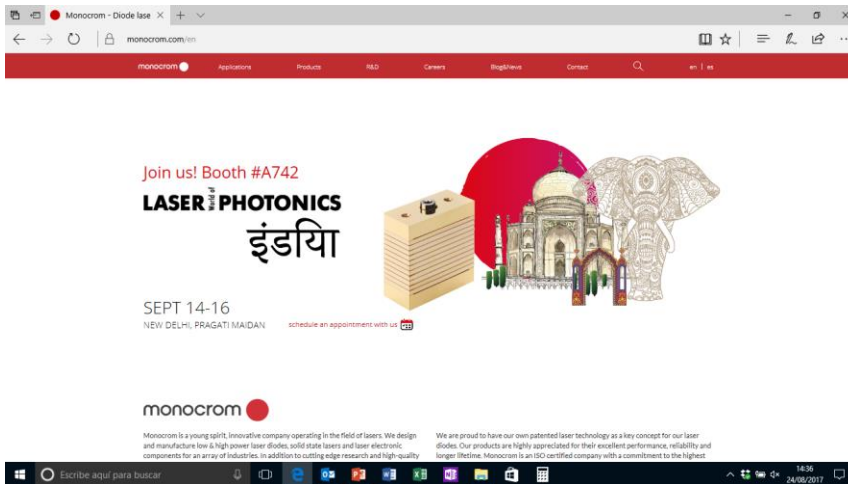

Company Activity:

BASF, with headquarters in Germany, manufactures chemical products, operating in key market segments, with diverse applications: from automotive to cosmetics or agricultural products.

Group 5 - Monocrom

Company size: SME

Website: <https://www.monocrom.com>

Company Activity:
Monocrom designs and manufacturers low & high power laser diodes, solid state lasers and laser electronic components for medical, industrial, aerospace and defense usage.

Group 6 - Schneider Electric

Company size:

Multinational

Website: <https://www.schneider-electric.com>

Company Activity:

Schneider Electric, with headquarters in France, is a global specialist in energy management and automation solutions. It optimizes energy consumption and offers integrated maintenance solutions.

Group 7 - Husk Ventures

Company size:

Start-up

Company Activity:

Husk Ventures converts low market value rice husk into Biochar, which is rich in silica, an important nutrient for rice production.

Website: <https://www.huskventures.com>

Group 8 - New Born Solutions

Company size:

Start-up

Company Activity:

New Born Solutions uses a non-invasive technology for screening and monitoring infections like infant meningitis. It offers quick, easy and cost-effective solutions.
